

CANADIAN CITIZENS SAILING ON VIKING RIVER CRUISES IN RUSSIA Additional Details

When you are filling in your online Russian visa application form at *visa.kdmid.ru* it is important that you correctly list details of your Viking river cruise in Russia in the accepted format expected by the Russian Embassy and consulates in Canada. The instructions provided by Viking for their US clients do not apply to Canadian passport holders.

Do not mention anything at all about Viking on the Russian form as Viking is not a Russian company and is not legally allowed to invite you to Russia. Do not mention Viking in the place of stay. The name of the boat is not the 'Viking Something'. It is just the Russian name alone. Usually the boat is named ***Rurik, Ingvar*** or ***Helgi***.

When following our online Russian visa how-to manual, please insert the following data in the Russian online visa application form:
